	<i>Research methodology</i>	39
	Analyses and results	43
	<i>Strategic importance of standards</i>	43
	<i>Difference in importance depending on organisation size</i>	44
	<i>Benefits of using standards</i>	47
	<i>Standards and innovation</i>	56
	<i>Cost perceptions associated with using standards</i>	65

Understanding non-use of standards 79

Conclusion 85

CHAPTER 4

The economic and strategic impact of standards: a case-study-based micro-economic approach 89

Introduction 89

Individual case study reports 92

Welding Company 92

Fertikal 94

Sprimoglass 97

Infrabel 100

Pharmafluidics 102

CommScope 105

IBA 108

Daikin 112

Willemen Groep 115

Barco 117

Soudal 121

Diamond Industry 124

Comparative table 127

Conclusion 132

CHAPTER 5

Integrated summary of results and conclusions 135

Macro-economic perspective 135

Micro-economic perspective 136

Broader understanding of the role of standards at the company level 137

In-depth understanding of the strategic impact of standards 138

Appendix B 148

Appendix C 159

List of Tables

- TABLE 1:** Overview of the macroeconomic (econometric) impact studies **23**
- TABLE 2:** Descriptive statistics for Belgium – Dataset, sector-based **27**
- TABLE 3:** Explaining output, 1994-2018 **32**
- TABLE 4:** Labour productivity, 1994-2018 **33**
- TABLE 5:** Comparison of the results for Belgium with other countries **35**
- TABLE 6:** Sample profile descriptives across sectors **41**
- TABLE 7:** Multiple-response set frequency analyses on function profiling of the sample **42**
- TABLE 8:** Strategic importance of standards across organisation size **44**
- TABLE 9:** Strategic importance of standards across regional business scope **45**
- TABLE 10:** Strategic importance of standards across different sectors **46**
- TABLE 11:** Strategic importance of standards depending on participation in standards development **47**
- TABLE 12:** Strategic importance of standards comparing management level respondents vs. non-management level respondents **47**
- TABLE 13:** Most important reasons for using standards **48**

- TABLE 14:** Most important reasons for using standards per organisation size 50
- TABLE 15:** Most important reasons for using standards according regional business scope 52
- TABLE 16:** Percentage of respondents per sector indicating each of the reasons for using standards in their organisation 53
- TABLE 17:** Most important reasons for using standards according to whether the organisation participates in standards development 54
- TABLE 18:** Most important reasons for using standards according to the respondent's function in the organisation 55
- TABLE 19:** Organisations' perceptions on the relationship between standards and innovation 56
- TABLE 20:** Organisations' perceptions of the relationship between standards and innovation, comparing organisations according to their size 59
- TABLE 21:** Organisations' perceptions on the relationship between standards and innovation, comparing organisations according to their regional business scope 61
- TABLE 22:** Percentage of respondents per sector indicating agreement on the role of standards in innovation 62
- TABLE 23:** Organisations' perceptions on the relationship between standards and innovation, comparing organisations according to whether or not they participate in standards development 63
- TABLE 24:** Organisations' perceptions on the relationship between standards and innovation, comparing organisations according to their function 64

- TABLE 25:** Most important costs for using standards 65
- TABLE 26:** Most important costs for using standards per organisation size 66
- TABLE 27:** Most important costs for using standards per regional business scope 67
- TABLE 28:** Percentage of respondents per sector indicating each of the costs associated with the use of standards in their organisation 69
- TABLE 29:** Motivations for participating in standards development 71
- TABLE 30:** Motivations for participating in standards development, comparing different organisation sizes 72
- TABLE 31:** Motivations for participating in standards development, comparing organisations of a different regional scope 73
- TABLE 32:** Percentage of respondents per sector indicating each of the motivations for participating in the standards development process 75-76
- TABLE 33:** Motivations for participating in standards development, comparing respondents who participate in standardisation at a national / European / international level. 77
- TABLE 34:** Motivations for participating in standards development, comparing respondents who participate personally and respondents who do not participate personally 78
- TABLE 35:** Familiarity with management standards among potential users 81
- TABLE 36:** Familiarity with standards at different regional levels among potential users 81
- TABLE 37:** Reasons for non-use of standards in organisations 82

TABLE 38: Reasons for non-use of standards in public sector organisations vs. other 83

TABLE 39: Awareness of the benefits of standards among potential users 84

TABLE 40: Awareness of the benefits of standards among potential users, comparing the public sector to other sectors 85

TABLE 41: Overview of case studies 91

TABLE 42: Comparative table with main insights of case studies 128-131
